## country celebration

EMILY AND NICK IMAGINED A WINERY WEDDING WITH LOTS OF BRIGHT BLOOMS. THEIR GORGEOUS NUPTIALS WERE A CELEBRATION OF COUNTRY AND COLOUR.

The couple put their trust in The Style Co. to create their dream wedding. "They certainly did not disappoint! It was everything we imagined and more," says Emily. Their ceremony was held under a magnificent archway covered in bright, colourful flowers. When it was time to celebrate they headed indoors, where the ceiling was covered with oak foliage, ivy and ferns, and drop lighting transformed the space, creating an indoor forest feel. Outdoor lounge areas were created with soft grey furniture and bright cushions, allowing guests to relax and enjoy the ambience. Timber tables added a rustic touch, mesh tolix chairs, white charger plates with individual menus and tea light candles added to the pared-back aesthetic, allowing the bright, beautiful flowers to shine.
